

Carbon Credit Integrity Standard 2025

CCIS 2025

1. Purpose

This Standard protects the integrity, traceability, and retirement of carbon credits.

Standard 3.4 Retirement

Credits used for a claim must be retired within 12 months of the claim date.

Standard 5.1 Verification

Every credited project must pass independent verification.

Standard 7.2 Reconciliation

Registry holdings must be reconciled monthly.

Issued for demonstration and product evaluation only.
